## IMPROVEMENTS.

**The Southern Railway Putting in a New Water Tank.**

The Southern railway is laying pipe and making extensive preparations for erecting a tank with a capacity of 60,000 gallons, for supplying their engines with water.

The tank will be put up between Fayetteville streeet and the old depot, and three water-cranes or columns similar in design to that now in use by the C. F. & Y. V. road at this place, will be erected near the new depot, at convenient distances to accommodate trains going both ways without the present troublesome wait before pulling up to the depot. The new arrangement will be esyecially an improvement for the south bound trains, which now land their passengers at some distance below the depot.

The old tank, which, by the way, has long been an eyesore to our ever-progressive citizens, will be torn away as soon as the new one can be put in service. Then when the old shed now used as a passenger depot is pulled down, and the track re-arranged, we will be in a position to make as favorable impressions on travelling men and home seekers as any city in the state.

**To Lovers of Music.**

For next week I have booked Rentfrow's Musical Comedy company, the Jolly pathfinders, in "The Lightning Express," at the opera house. The company has its own band and orchestra, the best ever heard in the city. Weather permitting the band will give an open air concert in front reserved seat sale at 11:30 a. m. Monday and Director A. D. McKee has kindly forwarded the musical program to be rendered. It is as follows:

March—Morris Guards. Chattaway.
Overture—Poet and Peasant. Fr. Von Suppe.
Polish Dance No. 1. Scharwenka.
Waltz—Dannbe Waters. Iranorici.

In the evening beginning at 7:30 in front of the opera house the band will give the following concert:

March—Battery Park. Thayer.
Overture—"Martha." Flotow.
Characteristic Piece—Dance of the Mermaids. Abel.
Waltz—Enseano Seductor. Rosa's.

A. D. McKee, band master.

In addition to this delightful treat, one of the most exquisite of musical comedies, built upon thoroughly legitimate lines, funny inherently, replete with the most catchy, enjoyable specialties, will be presented. Prices are 15, 25 and 35 cents. Ladies free Monday and Tuesday nights.

**Coming, Santanelli—Going, Tickets.**

Mr. Rosenburg, manager for Santanelli, is in the city arranging for the return engagement of the hypnotist next Monday night. The Captain says he knows of several parties who have lost money by this process, and it should be stopped.

## IT WAS ALL A FAKE STORY

### About Butler Abandoning His Pension Bill.

### SAYE HE IS BEING ENDORSED.

**The House Refused to Reconsider The Brown-Swanson Contest Which Confirms Swanson's Right.**

Special to the Telegram.

Washington, Jan. 20.—Senator Butler has not yet abandoned his amendment to the pension appropriation bill, to pension ex-Confederate soldiers. It has been generally understood that, in view of the wide-spread opposition which the bill has raised in the south that it would not be seriously pushed, and this may yet be the case. Senator Butler stated yesterday that he is receiving from North Carolina and other southern states many letters from southern soldiers endorsing the provisions of the measure, and he believes that they represent the rank and file of the Confederate soldiers who are dependent and in need of aid. The senatar says that in regard to the petitions which have been received protesting against the measure, that many camps in North Carolina, Georgia and other sections of the south have forwarded petitions asking for the legislation. Some of these petitions have been presented to the senate, while many have been sent to the senator personally. Senator Butler is unable to say what course he will take, or whether he will still urge the passage of the amendment when the pension appropriation bill comes before the senate. He says that it is his wish and desire to ascertain first, before deciding upon any course, what the will of the ex-Confederates of North Carolina and the south is upon the subject.

In the house yesterday by a decisive vote the house refused to consider the Brown-Swanson contest, which confirms the right of Mr. Swanson to the seat, as it is not likely the contest against him will be pushed further. It is said by members of the house that it is not likely that the case against Representative Stokes, of South Carolina, will be seriously pushed further, and it is doubtful if any further contests are permitted to occupy the time of the house during this session.

Among the members of the North Carolina delegation, all of the Populists voted to retain Mr. Swanson in his seat. Mr. Kitchin (Democrat) was paired, while Pearson (Republican) voted to consider the contest.

Representative White has gone to Raleigh for the pupose of attending a meeting called by himself and other well known negroes of the state, to protest against certain legislation which is pending before the legislature and which it is proposed to enact during the session. Among the bill which White and his followers bitterly oppose is that providing for seperate cars on railroad trains for whites and blacks.

Assistant Attorney General Boyd, yesterday in speaking of the work of the legislature said that, while the body is composed of intelligent men, who have the best interests of the state at heart, he believes that some of the "radical" legislation they are proposing will react upon them at the next election. In this connection, Col. Boyd and Senator Pritchard, and many other republicans claim with apparent confidence that North Carolina will go republican at the presidential election.

Mr. Armond W. Scott, of North Carolina, by motion of Mr. E. M. Hewlett, of this city, has been admitted to practice before the supreme court of the District of Columbia. Mr. Scott is in the city in the interest of a case in which he is engaged as counsel.

George B. Lamm has been appointed postmaster at Black Creek, Wilkes county, North Carolina, vice Augustus Barnes, removed.

Senator Pritchard has introduced an amendment which he has proposed to the amendment offered by Senator Morgan, of Alabama, to the Indian appropriation bill. The amendment of Senator Pritchard is for the purpose of ascertaining the aggregate amount of per capita shares enuring to the members of the eastern band of Cherokee Indians.

Senator Pritchard has also introduced an amendment to the deficiency appropriation bill for the purpose of paying to George Green, for fees earned as clerk of the United States District court, from the 1st of July, 1897, to the 16th of April, 1898.

FRIDAY, JAN. 20, 1899.

Senator Quay's chances for arranging with the managers for a return engagement in the United States senate are growing slimmer and dimmer with the hours.

If Mr. Duke's money is pizen, how much of it would it take to soothe a preacher's wounded feelings? Somebody please lead us into a state of hypnosis until we get an answer.

A branch railroad from some point on the C. F. and Y. V. to Danbury, would open up a fine tobacco and mountain produce trade for Greensboro. Let the Industrial and Immigration association consider the matter of getting capital interested in the project.

The Oxford Public Ledger is eleven years old and has entered on its twelfth volume. Editor Britt is a hustler for his town and county, gets up a splendid weekly and deserves the warm and liberal support of all public spirited citizens of Granville. He has the Telegram's best wishes for increased success and prosperity.

We believe the dispensary movement to be the proper thing. One strong argument in favor of it is that many, very many, people who were opposed to it before it was enacted in other towns, and fought it with much feeling and zeal, are now among its warmest advocates. Evidence of the truth of this statement is abundant.

We all want good county roads, so that our country friends may more easily reach the city and haul bigger loads. While this is true the lumber mill men and others on Lewis street, right here in the city, are making a righteous kick against the wretched condition of that street. With such weather as we've had for ten days or more it is impossible to haul a load over it. This should be remedied.

Guilford's representatives in the general assembly compare favorably with the other members of that splendid body of men. A gentleman who has seen the legislature in session says the general bearing of our representatives impressed him, and, he added: "Your county's interests are in safe hands." We believe he is right. Messrs. Wilson, Bunch and Kennett may be relied upon to faithfully represent their constituents.

A prominent gentleman from the western part of the state who stopped over in Greensboro a day or two ago between trains remarked to the editor of the Telegram, that he had recently visited a number of our best towns and cities, but, said he, "I see no place with a hustle on it like Greensboro. You are going to have the best town in the state if it is not such already." And it does not require the wisdom and foresight of a prophet to tell that he knows a good thing when he sees it.

In 1895 the fusion legislature refused to adjourn in honor of the memory of Robert E. Lee on the anniversary of the birthday of that graet soldier; but a little later did adjourn out of respect to the memory of Fred Douglas, the negro politician. Note the contrast now and decide for yourself, in whose breast lies the spirit of of true patriotism. Yesterday the democratic legislature adjourned in memory of the noble and peerless Lee, and the people will endorse their action.

The Morning Post, of Raleigh, is a sentinel on the watch-tower. It is a true patriot and an uncompromising democrat. It not only advocated a straight fight before the last state convention met, when others were loudly clamoring for fusion, but it is for a "straight fight" yet and opposed to enacting into law certain cast-off fusion measures which are being urged before the present legislature. Editor Furman closes a clincher this morning with the words: "Let the democratic pledge be carried ott, but let Butlerism sleep in the grave which was dug for it in November last." All lovers of good government and peace and harmony will respond to that with a long, loud and hearty amen.

## RESULT OF EXPERIENCE.

**Former Opponent of Dispensary Finds It by Far the Better Plan.**

Mr. Editor:—In your paper of last evening, I read in regard to the movement on foot to prepare and submit to the legislature a bill to establish a dispensary for Greensboro, quoting thereafter opinions of prominent men in favor of the plan, or system.

As with every change in municipal government, or that affecting trade, naturally some hesitancy and much deliberation is necessary. Who cares to jump from the frying pan into the fire? If evil must exist, let it be in the best form possible. Let it wear the face of decency, though behind the scenes is dealt out to man the greatest curse of modern times.

I shall give you a bit of personal experience. During the past three or four months, I have lived in Greensboro, having previously resided in a South Carolina town, fair and beautiful, of about 12,000 inhabitants. I am of a family who hates Tillman or a Tillmanite. To appreciate the full force of the above declaration, it is absolutely essential to be a bona fide resident of South Carolina. Intense hatred or hero worship stamps the enemy or friend of Senator Tillman. I abused him with all the rest, just because, I suppose, it was the proper thing to do under existing circumstances—abused the dispensary, the constables employed to enforce the sale of liquor through the proper channels, and all else connected therewith.

Today, a period of six or seven years intervening, I view myself, or rather my opinions, as proceeding from a mind at that time too ignorant for expression. I am yet no advocate of Tillman or Evans, but the dispensary system I glory in, and pray God it may endure as long as there is no better remedy for the sale of liquor.

Every true man or woman—every child, male or female, feels within his or her breast, a fearful loathing when compelled to pass a veritable bar room, with its flaunting array of bottles and other methods of advertising.

With a dispensary conducted as we have them in South Carolina, a decency prevails which makes the place scarcely suggestive of the nature of its wares.

My children, who, on business, are often compelled to be out on the principal streets of Greensboro, have seen within the present winter months more drunkenness—have heard more vile and foolish language, than in all their previous years. They come to me in astonishment and ask what kind of a town is this anyway?

Then, if alone for the morals of our children, the delicacy of feeling of our women, and proper respect for true manhood, let us accept the better plan in the conduct of all affairs, whether good or evil. A Mother.

The Illinois house has adopted a resolution of thanks to Miss Helen M. Gould for work in behalf of soldiers in the late war.

Mr. S. A. Fackler, editor of the Micanopy (Fla.) Hustler, with his wife and children, suffered terribly from La Grippe. One Minute Cough Cure was the only remedy that helped them. It acted quickly. Thousands of others use this remedy as a specific for La Grippe and its exhausting after effects. Never fails. Howard Gardner.

In closing our books for the year 1898 we find we have quite a number of small accounts which in themselves are trivial, but she aggregate would make quite a nice sum. While we wish to be obliging and courteous to our customers and try ro please all, we must insist upon getting our business upon more of a Cash Basis.

To open so many small accounts involves quite an amount of book keeping and consumes too much valuable time. This can bo avoided by paying cash for your bundle when delivered and do away with all possibility of disputed accounts.

**No Cure—No Pay.**

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter nauseating tonics. Price, 50c.

Horrible agony is caused by Piles, Burns and Skin Diseases. These are immediately relieved and quickly cured by De Witt's Witch Hazel Salve. Beware of worthless imitations. Howard Gardner.

## "CROSSED" MONEY ORDERS.

**Safeguards Employed In England In Making Small Remittances.**

Americans who are buying books in small quantities or are remitting dues to the treasurers of English societies of which they happen to be members occasionally receive a printed or written request to use a "crossed" order when sending money. At first they are likely to be mystified by the phrase. Even if inquiry is made at the postoffice in this country it is quite possible that no satisfactory explanation will be obtainable. The remitting party will ascertain, though, that American postoffices do not issue "crossed" orders.

The term in question refers to two lines drawn with a pen from the top to the bottom of a postal order on its face near the middle and an inch or two apart. That treatment of a money order will prevent payment of it to any one but a banker, and if, as is sometimes done, the name of some particular bank is written in the space between the lines the order will be paid only to that institution. It is not necessary to use any words in addition to the name of the bank. No explicit prohibition is required. The mere crossing of the order is a well understood signal to the British postal authorities, for, while the custom is comparatively unfamiliar to people on this side of the Atlantic, it is common enough in the United Kingdom.

When an American remits money in this manner, he crosses his order himself, but in several foreign countries the postoffice does not give the order to the sender, but transmits it directly to the paying office. The person who remits merely sends notice to the right person to go to the postoffice and apply for the money. Where this usage prevails the postoffice issues a crossed order because the sender cannot cross the order himself. Such is the practice, for instance, in Germany, Belgium, Austria and Italy.—New York Tribune.

La Grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepherd, publisher Agricultural Journal and Advertiser, Elden, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take, quick to act. Howard Gardner.

**Prolonged Deadlock Expected.**

Harrisburg, Jan. 19—A prolonged deadlock is expected in the senatorial contest. Both sides today have expressed no hope for any change in today's vote.

Coughing injures and inflames sore lungs. One Minute Cough Cure loosens the cold, allays coughing and heals quickly. The best cough cure for children. Perfectly harmless. Howard Gardner.

**DeWitt's Witch Hazel Salve**
**Cures Piles. Scalds. Burns.**

## QUAY TALKS CHEERFULLY.

**Election of a Compromise Candidate the Probable Outcome.**

Harrisburg, Pa., Jan. 19—Senator Quay left for Washington this afternoon. He said the situation was satisfactory to him and that he had not the slightest doubt of his re-election. There was no material change in the balloting today. It is not expected that the deadlock will break for at least another week. There is a suspicion that some democrats are waiting to break to Quay; but if they do so the rest of the democrats and independents will refrain from voting and thus prevent an election. The election of a compromise candidate seems likely to be the outcome, and Chris Magee, of Pittsburg, is likely to be the man.

## The ADVANCE

## of The SEASON

Demands Lower Prices as An Inducement to Trade.

We have always tried to keep ourselves before the public in a straightforward way.

Our statements have been of the nature to have you understand that we are selling goods for a profit.

We have been since the commencement of our business, and are now, in a position to meet any legitimate competition—but as the sea- as the season grows shorter the demand grows less—that we may create trade and prevent carrying through the summer season a lot of winter weights, you may expect from now until the spring opens, the lowest prices on all such goods as suits, overcoats, underwear, etc.

You might cut this out.

## YOU'LL BE SURPRISED

**If You Read The Following and Act Upon its Suggestion.**

Up to recent times it has been thought that really beautiful and attractive displays could only be made in stores which carried all kinds of colored and fancy fabrics. Sometime ago if you had talked of a pretty shoe store, with nothing in it but shoes you would have been laughed at. Not so now.

A visit to the Carolina Shoe Co's store, 302 South Elm, will convince you that Mr. Norris, the manager and Mr. Banks Boone, salesman, are artists in their line. You will not find handsomer windows in the entire south than you will see there. But after all there is no great secret about it. sprinkling of good taste and a big stock of the finest and best shoes ever manufactured does the work, and the effect is most pleasing.

The stock comprises Banister's and Crossett's fine shoes for men, Laird, Schober & Co. and Hayes, Partridge & Co's fine shoes for women and children; also a full line of cheaper goods. The store is a pride to Greensboro and a credit to the entire state of North Carolina. Mr. Norris believes also in the virtue of printer's ink as witness his two-column ad in this paper.

**Destitute and Hungry.**

Two of Uncle Sam's unfortunate volunteers called at the jail soon after dark last night and asked to be admitted to the lockup to spend the night. They said that they were en route to their homes in New York from a southern camp; that they had lost their transportation and were put off the train at Charlotte and that they had walked here from there. They said they had had nothing to eat since Wednesday at noon and of course were very hungry. Jailor Reese admitted them to the lockup and there they spent the night. He gave them breakfast this morning and they went on their tramp rejoicing.
